## SHAKESPEARE IN LONDON

THO NOTABLE PRODUCTIONS IN THAT CITY.

Terry's "Romeo and Juliet" a Terry Family Affair With His Daughter geous Spectacle, but Not Well Acted.

LONDON, Sept. 9 .- This season promses to be a Shakespearian one at the Landon theatres. Revivals of two of his tragedies were the important productions this week, "Romeo and Juliet" at the New Theatre and "Macbeth" at His Majesty's. Fred Terry produced "Romeo and Juliet" as a sort of family affair. His daughter, Miss Phillida Terry, was Juliet. He himself was the Mercutio, though illness prevented his playing the part on he first night, and to Miss Julia Neilson (Mrs. Fred Terry) was entrusted the

London had never witnessed a more beautiful and careful production of Romeo and Juliet" as far as stage effects The scenes and costumes made the performance seem like a series of old Italian pictures. Juliet's bedroom, for instance, was an almost exact reproduction of Carpaccio's famous painting of St. I ranla's chamber.

Miss Terry should have been an ideal Juliet. She is a beautiful blond girl of 19, with plenty of the Terry temperament, but somehow her rendering of the rôle was uneven and unfinished in conception. Strange to say she was at her best where most young actresses fail, that is in the otion scene. As a rule, of course, a very outhful Juliet scores in the first part of the play in her portrayal of Juliet's girlshness, her lovesickness and revolt against marriage with any one but Romeo. and the potion scene generally proves her undoing. Miss Terry reversed this process. She never came near the real which in the early acts of the tragedy. Her Juliet was sophisticated, cold and worked. hervy, her balcony scene a declamabut in the potion scene Miss Terry really rose to great heights and showed passion and strength while avoiding all the pitfalls which await young actresses when they let themselves go.

Vernon Steel was a handsome, vigorous and decidedly modern Romeo, not a bit the kind of Romeo poets dream about, but an up to date young lover with an excellent idea of stage technique.

As usual at a Terry first night all the clen assembled to do honor to these memers of the family in the piece. The counger generation of Terrys having polauded and encouraged.

of Wallack's Theatre company named Browne. It was patronized by the members of this troupe, which was then composed chiefly of Englishmen. Browne the actor was a brother-in-law of W. J. Florence and Barney Williams.

The next move was to Twenty-eighth street next door to what is now called the Fifth Avenue Theatre. Then the house became the resort of the members of Daly's company, as it had formerly been of the Wallack actors. Then down a block further went the eating house, and until the move to its present quarters Browne's was between Broadway and Sixth avenue on the north side of Twenty-seventh street. If a boy is bright and wishes to make rapid progress he is not held back by reason of any other boy, or by the ald "grade system." If he is timid or nervous, he is encouraged; if he is careless, interest in his studies is secured; if he dees not know how to apply himself, he is taught. To this invididual method of teaching is due the Groff School's wonderful success, and "success is what talks."
